Part of
Public Record

CONEJOS COUNTY
CLEAN WATER INC.

Date: 11-2-2010

Dear Legislator for Colorado:

I urge you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCCW) to compel the Department of Energy (DOE) to perform a site specific National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would analyze the health and environment impacts of transferring low-level radioactive (DOE 49 CFR Class 7 and Class 9 and NRC Class A), hazardous and toxic waste from truck to rail within 250 feet of the Rio San Antonio (River) a headwaters tributary to the Rio Grande. Please find enclosed CCCW's letter to Energy Secretary Steven Chu. Please submit a letter to Secretary Chu in support.

Letter to Legislators for Colorado

Date: 11/1/10

Dear Legislators for Colorado

I ask you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCWI) to compel the Department of Energy (DOE) to perform a 50% study of National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would allow us to evaluate the health and environmental impacts of transferring low-level radioactive (DOT 49 CFR Class 7 and Class 9) and NRC Class A, B, and C waste from truck to rail within 250 feet of the Rio Grande National Park or a headwaters tributary to the Rio Grande. Please read and forward CCWI's letter to Energy Secretary Secretary. Please submit a letter to Secretary Chertoff support.

CONEJOS COUNTY
CLEAN WATER INC

Date: 12/1/10

Dear Legislator for Colorado:

I urge you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCCW) to compel the Department of Energy (DOE) to perform a site specific National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would analyze the health and environment impacts of transferring low-level radioactive (DOT 49 CFR Class 7 and Class 9 and NRC Class A), hazardous and toxic waste from truck to rail within 250 feet of the Rio San Antonio (River) a headwaters tributary to the Rio Grande. Please find enclosed CCCW's letter to Energy Secretary Steven Chu. Please submit a letter to Secretary Chu in support.

CONEJOS COUNTY
CLEAN WATER INC.

Date: 11-3-10

Dear Legislator for Colorado:

I urge you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCCW) to compel the Department of Energy (DOE) to perform a site specific National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would analyze the health and environment impacts of transferring low-level radioactive (DOT 49 CFR Class 7 and Class 9 and NRC Class A), hazardous and toxic waste from truck to rail within 250 feet of the Rio San Antonio (River) a headwaters tributary to the Rio Grande. Please find enclosed CCCW's letter to Energy Secretary Steven Chu. Please submit a letter to Secretary Chu in support.

CONEJOS COUNTY
CLEAN WATER INC

Date: ^{CD}10-1-2010

Dear Legislator for Colorado:

I urge you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCCW) to compel the Department of Energy (DOE) to perform a site specific National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would analyze the health and environment impacts of transferring low-level radioactive (DOT 49 CFR Class 7 and Class 9 and NRC Class A), hazardous and toxic waste from truck to rail within 250 feet of the Rio San Antonio (River) a headwaters tributary to the Rio Grande. Please find enclosed CCCW's letter to Energy Secretary Steven Chu. Please submit a letter to Secretary Chu in support.

CONEJOS COUNTY
CLEAN WATER INC.

Date: 11/1/10

Dear Legislator for Colorado:

I urge you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCCW) to compel the Department of Energy (DOE) to perform a site specific National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would analyze the health and environment impacts of transferring low-level radioactive (DOT 49 CFR Class 7 and Class 9 and NRC Class A), hazardous and toxic waste from truck to rail within 250 feet of the Rio San Antonio (River) a headwaters tributary to the Rio Grande. Please find enclosed CCCW's letter to Energy Secretary Steven Chu. Please submit a letter to Secretary Chu in support.

Date: 11/2/10

Dear Legislator for Colorado:

I urge you to protect the headwaters of the Rio Grande (River) by supporting the efforts of Conejos County Clean Water, Inc. (CCCW) to compel the Department of Energy (DOE) to perform a site specific National Environmental Policy Act (NEPA) process in Conejos County. The process I am asking for would analyze the health and environment impacts of transferring low-level radioactive (DOT 49 CFR Class 7 and Class 9 and NRC Class A), hazardous and toxic waste from truck to rail within 250 feet of the Rio San Antonio (River) a headwaters tributary to the Rio Grande. Please find enclosed CCCW's letter to Energy Secretary Steven Chu. Please submit a letter to Secretary Chu in support.

Cc:

Board of County Commissioners – Conejos County
Representative Ed Vigil
Senator Gail Schwartz
Governor Bill Ritter, Jr.
Senator Michael Bennett
Senator Mark Udall
Congressman John Salazar

Sincerely,

GH
